Employement History

Jul 2023 - Present **Fullstack Web Developer, CV. Lembah Digital Group**   **Medan**

As a Full Stack Web Developer specializing in the MERN (MongoDB, Express.js, React, Node.js) stack with a SQL database focus at PT. Lembah Digital Group, I played a vital role in conceptualizing, developing, and maintaining innovative digital solutions for a diverse clientele. My proficiency in both front-end and back-end development, coupled with expertise in SQL database management, empowered me to architect and deliver exceptional applications that seamlessly combined captivating user interfaces with robust, data-driven back-end functionalities. This experience allowed me to excel in an agile and forward-thinking environment.

Dec 2022 - Present **Web Developer, Freelance**   **Medan**

As a seasoned Freelance Web Developer with a strong command of the MERN (MongoDB, Express.js, React, Node.js) stack and Laravel framework, I have passionately crafted impactful digital solutions that blend innovation and functionality. Over the years, I have honed my skills and expanded my expertise, delivering tailored web applications that cater to clients' unique visions and requirements. My journey as a freelance developer has been characterized by continuous growth, client satisfaction, and a commitment to staying at the forefront of web development trends.
